[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCT. 26.

EASTERN STATES.

The South Carolina Troubles.

SAVANNAH, Ga., October 25.—Accounts from Bluffton, South Carolina, state that three men, Montarlin, Kent and Slicer were wounded and captured by negroes on Montarlin's plantation. They are held prisoners. Montarlin's offense was an attempt to recover his land and collect rents from negro tenants.

Murder at Boston.

BOSTON, October 25.—The body of Kate Deon, a domestic, 18 years old, was found this afternoon on Western Avenue, with her head crushed. There are other evidences of a severe struggle and foul murder. No clue to the murderer.

The Tammany Thieves.

NEW YORK, Oct. 25.—The real estate operations of Tweed, Connolly, Sweeney and Hall are published. Official records show that Connolly when sued in 1866 for debt, swore that he owned nothing. Since then he has bought real estate to the amount of $2,300,000. Tweed, a bankrupt in 1866, has bought and sold real estate since 1868 to the amount of $4,474,000, and has engaged in other transactions to the amount of $7,500,000. Sweeny's purchases in three years amounted to $1,450,000, and Hall's to $1,100,000.

City Treasurer Bradley explains in a card how he has economised his debt and saved money to the city. Bradley is a Tammany candidate for Senator.

The *Tribune* says it will rejoice at the election of O'Conor, Tilden and Tiemon, reform Assembly candidates; if the choice lies between purchaseable Republicans and incorruptable Democrats it says it prefers the latter.

It was stated at the Brooklyn mass meeting last night that the authorities, who decline to give an account of their financial doing, put the city debt at $8,000,000, while trustworthy figures show a total of $30,000,000.

A special from Niagara Falls says that the woods within seven miles of Lockport have been burning since Monday. Numbers of houses, barns, crops and stock are destroyed. It is feared the fire will spread to Batavia. Farmers are fleeing with their stock and furniture. The fire east of Gharlie is reported subdued, but another has broken out five miles north of that place. Loss since Sunday at Albion $50,000. Ten houses, two flour mills and 1,500 cords of wood were burned.

A Washington special says information is received of large fires in the woods radiating in all directions from the Cumberland mountains which are enveloped in smoke. Other mountain ranges report fires which are doing much damage. The bituminous fields are threatened.

Rosenzweig's trial commences to-day. Application for further postponement is denied. The selection of a jury will probably occupy a day.

Building in the burnt district continues to progress rapidly. The demand for mechanics exceeds the supply. Potter Palmer is pushing work on the Grand Hotel walls which were up one story when the fire occurred, and which were damaged but little. Stores on the first floor will be ready for occupancy by the first of January. Banks have continued to do business without the slightest embarrassment. Deposits are heavy; few loans asked. All European and many Eastern Insurance companies are paying losses promptly. Home companies are unlikely to pay over ten cents on the dollar, if anything at all. The Auditor of the State has filed a bill in the Circuit Court for the dissolution of the Republic Company of this city on the ground of insolvency and mismanagement on the part of the Directors. Its losses by fire are over $4,000,000. Cash assets, $1,183,000. Outstanding risks, $14,000,000. Rates uncollected, nearly $4,000,000. It is alleged that many stockholders are insolvent and their notes can't be collected.

The Los Angeles riot is denounced very strongly by all classes, and its inevitable effects abroad will be deeply deplored.

The Republican primaries have apparently resulted in a victory for the members of the old County Committee. A majority of the candidates named by them for their successors have been elected. Pittsburgh, Penn., is a sufferer by the late Chicago disaster to a considerable extent, both by fire and insurance. Gen. Geo. W. Cass, of that city, owned two immense warehouses on Lake street, which were destroyed. Their loss will amount to $60,000, insured in Pittsburgh offices to the amount of about $40,000. Wm. McCally & Co., glass manufacturers, lost a large warehouse and the Orient Hotel. There are other losers by fire alone. The Insurance Companies of that city lose $100,000. The Daily Oregonian.

FRIDAY MORNING, OCT. 27, 1871.

The Real Basis of Wealth.

Replying to an observation of ours that Oregon has few industries of her own, and that she is sustaining industries in other States which she should have within her own borders, the *Herald* asks:

> If we "sustain" the people in other localities by purchasing of them the things we want, do they not in turn "sustain" us by purchasing the things we have to sell? Clearly so. The result, then, is commercial intercourse, the child of mutual want, differing industries and different productions.

Unfortunately for us this does not hold good. We have one product to sell, and only one. And the Eastern States, from which we draw nearly all the manufactured articles needed for consumption here, do not take that product. They get their wheat from Illinois and Michigan, and get it at cheaper rates than we could furnish it from here. We have only the uncertain and fluctuating foreign market to depend on. Two years out of three we are forced to sell our surplus wheat at unremunerative prices. But the prices of manufactured articles which we obtain from other States fluctuate very little. Whether we get a small price or a large one for our wheat, we are compelled to pay about the same prices for manufactured goods purchased abroad. Now if we had manufacturing establishments here they would help to sustain the home market for agricultural products; and furthermore, we should have among us a [illegible] of manufacturing industry. All these things are so plain that they only need to be stated to produce conviction of their truth. The *Herald* seems to think there can be no commerce but foreign commerce. In fact, however, the foreign commerce of the country is of little consequence compared with the domestic. Home industries, building up home commerce, are the great sources of prosperity for our country and State. The country that digs and exports gold, as an exclusive industry, can never become prosperous, no matter how rich the mines. The country that saws and exports lumber as its only industry, accumulates no wealth, and when its timber is gone it is utterly poor. The country that produces a [illegible] but wheat and neglects auxiliary industries is in the same unpromising condition. It is a fact, demonstrated by experience, that a country can better sustain itself by manufactures as its chief industry and agriculture only secondary, than with these conditions reversed. But the highest prosperity consists in the development of all industries together.

To make the illustration more complete, let us apply our neighbor's reasoning to a mining community. Such community imports everything it wants, and gives gold therefor. Suppose this mining community to ask the *Herald's* question, viz: "If we sustain the people in other localities by purchasing of them the things we want, do they not in turn sustain us by purchasing the things we have to sell?" And what has the mining community to sell? Gold, and everybody wants gold. But does a mining country ever become prosperous? All the gold it sells for goods it consumes cannot make it so. It is the same with a community devoted wholly to wheat culture. We raise wheat, sell the surplus and consume the proceeds. Then what progress have we made? Real wealth is [illegible] on broader foundations. It is based on a vast diversity of interests, and pursuits that mutually stimulate and support each other.

A Word for Kerosene.

The Boston *Advertiser* is disposed to speak a word in defence of kerosene oil against the indiscriminate and sweeping attacks which are made upon it. It is doubtless a very dangerous article when used, but by far the larger proportion of the accidents and disasters attending its use are directly attributable to ignorance or carelessness, or both combined. The last and most notable instance of the injustice which is done to it is to make it responsible for the fearful calamity which has devastated Chicago. A man defers milking his cow until after dark, and then goes into his barn for that purpose, carrying with him a kerosene oil light, which he carelessly sets down so near the cow that she kicks it over and sets the barn on fire. Now we think that the cow might almost as well be held accountable for the disaster as the kerosene, but insist that the man who carelessly went into his barn with an unprotected light, and more carelessly placed it where it was liable to be upset, is the one who is really responsible. Had the man taken a candle or a whale oil lamp and placed it in such a position, the disaster might have occurred all the same. Kerosene oil, perhaps, deserves to be classed in the same category with powder, lucifer matches, and other ultra-hazardous articles, and should never be used unless all the known conditions for its safety can be secured. But until matches are maligned because little children carelessly set their clothing on fire with them, or powder is proscribed from its legitimate use, because little boys lose their eyes in the effort to see whether the charge in an old tin tea-pot is likely to go off, we think that kerosene should not be so universally condemned. It has virtues, which are still entitled to respect, and with the utter prohibition of its use, we are by no means certain that the victims of ignorance and carelessness would be materially diminished, or the destruction of property greatly lessened.

while their assets are only $55,065,000. These figures do not include the risks carried by foreign offices, nor their assets. It appears from the above that the aggregate of risks had by our insurance companies is more than fifty times their capital. But the risks are so widely scattered that general loss all at once is not within the limit of human probability.

It is hoped that recent improvements in the Umpqua river will enable steamboats to reach Roseburg six or seven months in the year. The work performed has cost something like $13,000. The experience of the coming winter will demonstrate whether any more work is needed there or not. Inasmuch as the railroad will soon reach the heart of the Umpqua valley, the navigation of the river is of less importance than it would have been years ago. Still, if it be now made practicable it will afford an additional outlet for the Umpqua valley.

New York Democrats are "bolting," refusing longer to follow the piratical standard of Tweed and his associates. In Saratoga county they have published an address repudiating Tweed and denouncing the action of the Democratic State Convention as an endorsement of the Tammany and State Ring. New York will probably go Republican next month.

Total subscriptions in money in New York for the Chicago relief fund, up to the 15th inst., were $2,016,816 03. The sum has since been largely increased.

The Oregon State Fair.

A correspondent of the Olympia *Transcript* writes as follows concerning the Oregon State Fair:

The annual exhibition of Oregon products is made the occasion for a general holiday and a time for recreation and friendly interchange of experience. Visiting Salem at any time is a pleasure, for it is a pleasant town with its full quota of pleasant people and cheerful homes. During Fair week the place presents a lively appearance, much to the satisfaction of the citizens and gratification of the stranger visitors.

Arriving upon the grounds on Tuesday, the second day of the eleventh annual Fair, we remembered the good old days of camp meeting times—farmers with their families in tents and covered wagons, others in temporary shelters erected for the occasion, the people in such numbers as to make a perfect babel of tongues. What, with "Cheap John" yelling at the top of his voice, extolling the fair qualities of his patent medicines or other worthless trash, or the hackmen crying aloud for passengers, "Right up here for Salem," the noise of what is intended for music from side shows, mingled with the rattle of carriage wheels, the neighing of horses, the constant tramp of the people hither, and you all made up the scene of "confusion worse confounded" of life and gayety, strife for gain or pleasure not readily forgotten by the staid old farmers of the far west.

"The exhibition was really not a success as in comparison with former years, unless we include the great number of side shows, beer shops, cigar stands, and other "harmless places of amusement," to be found on all parts of the Fair grounds. While saying this, I would not be understood as pronouncing the Fair a failure. Certainly great numbers were disappointed in the display made, but we must give credit that most of the articles were of good quality if not in large quantities.

I was particularly struck with the fine display of wheat and other grains. A great variety of apples, pears, peaches and grapes, together with many other kinds of fruit, were on the table. But what shall we say of the butter? Perhaps the less said the better. The exhibition served to show that whatever may be the capacity of the State, the dairy interest is not fully developed. The cattle yards exhibit the same facts. There were a few very nice cattle—Durhams and Devons and grades from these, but not one animal had been bred for the milking quality. In fact I am led to believe that such are not in the State.

The Oregon farmer prides himself on his horses, and certainly many not without good cause. The improvement of the stock is made the excuse for the race track for the "trial of speed," as it is termed. It is certainly a misnomer to call these races a trial of speed. They would more properly be known as a trial of skill in horse jockeying, of attempts to deceive the bystanders, in a word a perfect gambling shop. While telling the truth in this matter, let me exonerate at least a large majority of the gentlemen managers of the society and fair. Their aim has been, and is higher than merely to draw a crowd and give them an opportunity of betting. In the matter of this race track they have an elephant on their hands, that is yearly degenerating the character of the fair, which in part will account for the meagre display in many departments, and which will eventually cause many of the more thoughtful people to withdraw their support altogether.

The sheep husbandry was well represented by five or six different breeds, making a display well worth seeing. An enterprising Californian breeder introduced some Cotswold sheep, the first, I believe it is said, in the State; also some Cashmere goats that attracted universal attention. The South Down seemed, however, to be the favorite of many. In this department there seemed to be the great interest manifested, showing that the recent high prices of wool will again attract the attention of the farmer.

And what shall we say of the general result? Salem and the transportation companies got in the aggregate not less than three hundred thousand dollars from those attending the Fair, and hence we see no word but of praise. Certainly the managers deserve a word of praise for their exertion, yet there is surely room for improvements, and believing we may gain by observing the mistakes of others as well as by following successful examples, I look upon both sides, not desiring to fault-find, neither being willing to bestow nothing but praise.

A New Party and a New Name—A New Departure for the Democracy.

Political conjectures sometimes make agreeable reading. Here is the New York *Herald* with an article on the Democratic situation. That paper comments on the utterly hopeless condition of the Democratic party as now organized; says its only chance is to disband and organize on a new basis, and notes with approval the action of numerous Democratic politicians looking towards this result. We quote from the *Herald's* article:

Now, what is the Democratic situation? Connecticut has laid out English, Pennsylvania has flanked Hancock, Ohio has swamped Pendleton, and Tammany has disgusted and disheartened Hoffman, Hendricks, Gratz, Brown and all the rest. In this emergency it is rumored that Hendricks and other leaders of the party have been putting their heads together upon the proposition of a new departure, not as the Democratic party, but as the Constitutional Union party, or something of that sort, with Judge Davis, of the United States Supreme Court, as their standard bearer. The idea is that Judge Davis will draw to this new movement a large body of the conservative Republicans, and that with these accessions and the floating vote of the country the Democrats may prove more than a match for General Grant as the Radical Republican candidate. Now, there may be something in this reported movement; but if it is really under discussion among the Democratic leaders it means that they are considering the expediency of disbanding the old party and of organizing a new one out and out, even for the Presidential campaign of next autumn.

And why not? Has not this present Democratic party since 1860, as the anti-war or peace party, gone through the same experience as that of the old Federal peace party [illegible] alternative, then, is left to the Democracy than the abandonment of their present organization, name, ear marks, trade marks and all, and the organization of a new party? They can do nothing better than this, for, with a new name and upon a new platform, liberal enough and broad enough to take in all the loose political materials of the country, conservative Republicans, radical Republicans, free trade Republicans, labor reformers, women's rights women and men and the Southern blacks, en masse, they may sweep the country. Thus all the political elements opposed to General Grant may be consolidated, and thus the opposition will be enabled to fight him and his party on equal ground, completely relieved of all the doings of the Democratic party during the war and since the war, and from all the doings of Tammany Hall. A new party, thus as completely detached from the Democratic peace party of the war and from Tammany as the Republican party, is, in short, the true game of the Democratic leaders.

GOVERNMENT LOSS AT CHICAGO.—From the Sacramento *Union* we take this:

The losses of the Government by the Chicago fire were far less than might have been expected. The Custom House can be replaced by the expenditure of half a million dollars. It happened that the large supplies for the Indians that had been collected for the year were all forwarded to the various tribes before the fire. Serious losses in the way of records in the United States District Courts, and papers and vouchers in the Pension office resulted, which will necessitate legislation before the disbursing officers can pay out money. The records at Gen. Sheridan's headquarters were destroyed, as also stamps, books and papers in the Internal Revenue offices. But, on the whole, the Government escaped with little loss.

PACIFIC COAST DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, October 26.—Wm. E. Barron, banker, and head of the house claiming the New Almaden quicksilver mines, died last evening.

The Republican primaries resulted in the election of an equal proportion of old Republicans and Independents, with four or five doubtful, who will hold the balance of power.

The Chicago Relief Fund Committee has not yet received an answer from Michigan, but will meet to-morrow to decide what part, if any, of the fund will be set aside for sufferers in that State.

The Women's Aid Society have completed and sent to Chicago 1,788 new garments, and four cases of goods, second hand clothing, etc., to be distributed among sufferers there and in Wisconsin and Michigan. They will close their work to-day.

The cargo of the bark *Whistler*, which started for Portland and put back here with fire in the hold ten days since, is still burning. Three men let down into the hold yesterday were nearly suffocated, and it was found necessary to haul them out with ropes. Her hold will now be flooded as all hope of extinguishing the fire otherwise is abandoned.

Much excitement was caused this afternoon by the announcement that the eastward-bound train of the Central Pacific had broke through the San Joaquin bridge and gone into the river, and many lives lost. The latest special dispatch says four cars were smashed and the track torn up for fifty feet. One passenger, name unknown, was fatally injured. Another had his leg broken and many were less seriously injured. It occurred half a mile west of the bridge, where the embankment is fifteen feet high. Gov. Morton and party in a special car at the rear of the train, were unharmed. The western-bound train, behind time, has not yet arrived here. None of the names of the injured are received.

The Fireman's Fund Insurance Co. find their losses in Chicago much less than they anticipated, and probably under $300,000. They will assess from 40 to 50 per cent. on their stockholders to-morrow, and there is no doubt now of their continuing permanently in the business.

The prosecution of grocers arrested by the U. S. Marshal for having in their possession and for sale, unstamped matches, is not likely to result in many convictions. Five cases were tried in the U. S. District Court to-day. The Government was unable to prove facts sufficient to convict in most of them. One had received them on deposit over night from a peddler who was to call for them. Another had them on hand for private use and not for sale, and so on.

Arrived—ship *Eustace*, Petropaulski, furs to Hobl & Co.

Telegraphed—British bark *Guacho*, 41 days from Yokohama; teas and merchandise C. A. Lowe & Co.

INTERIOR CALIFORNIA DISPATCHES.

Particulars of the Railroad Accident.

BANTA'S, October 26.—The through passenger train passing this station at 11:30 jumped the track this side of San Joaquin bridge. It is thought that but 8 or 10 are wounded by the accident; the brakeman is seriously injured, probably fatally. A lad and two Chinamen were also seriously injured. The car occupied by Senator Morton and escort was the only one not thrown off the track. Five cars were turned over and badly smashed. Dr. Thompson, who was on the train, rendered prompt assistance. The number of wounded is not known. The accident happened at the same place where the westward bound express ran off the track last year. A loose tie is said to be the cause. The section man tried to stop the train, but had not a flag and failed. A German named Swall, living near Ellis station, had both legs broken.

STOCKTON, October 26.—The wrecking train of the C. P. R. R. left here at 3:30 this afternoon, for the scene of to-day's disaster. Attached to the train was a sleeping car to be used in moving the passengers to Sacramento.

M.—The names of the parties injured by the railroad accident to-day, are John Lovinky, Woodland, cut severely in the left temple, and bruised about the body; Edward Ryan, severe scalp wound and bruised about the face and back; G. Ryan, brakeman, slightly bruised about the head and shoulders; Mrs. Maxbell, bruised on back; N. R. Moore, Santa Clara, slightly cut on the chin; Mrs. H. Burton, Eureka, Humboldt county, bruised; a child of N. C. Baker, Oregon, shoulder broken; A. Brownson, San Joaquin, cut in the face and about the head; — Schall, bruised badly about the head; N. C. Baker, concussion of the spine and head, from which it was thought at first he would die, but will probably recover.

A writer on monkeys tells us a story of one of these female undeveloped species of humanity, who, having lost her infant, adopted a kitten. One day the kitten scratched this affectionate baboon, who, much astonished at being scratched, immediately examined the kitten's feet, and without more ado bit off the claws.

What the heart of a loyal citizen (of foreign extraction) said to a Russian minister:

O, Kount Kartykaisy,
Why kant yez be aisy?
It's the divil's own throuble yer makin'
But the Prisident's bl'od's up,
So jist pack yer duds up,
And yer'll off to Rushor be talkin'.

In a short time President Marsh of Pacific University will commence the publication of a paper to be called the *North Pacific*. It will be furnished at $1 50 a year, and will be devoted to educational interests and "good principles" generally.

INSECT DISSIPATION. — Grasshoppers are prematurely chewing the tobacco in Connecticut, and the other chewers talk of holding a meeting to denounce the "hoppers" for immorality.

REMARKABLE CURE OF THE DEPUTY JAILER OF MULTNOMAH COUNTY JAIL.

A. M. Loryea & Co.: I was attacked with a severe case of rheumatism: It was in my thighs, hips, fingers, shoulder blade—indeed in all the joints of my body. I suffered great pain and anguish. I was attended by a regular physician, but with no effect. I was induced to try your Uuk Weed Remedy, and it immediately cured me up. I consider it, from my experience, the best remedy for rheumatism known.

TAKE HEED AND BE WISE!!
1775 ACRES OF LAND, BEING THE RIVER frontage, on the Columbia, from the mouth of Sandy to the Cascades, which we offer at $1 and 40-100 per acre—60 cents per acre down, the balance in ten years. Thus, $1,065 will buy 1,775 acres of land that by the time the other 80 cents per acre will have to be paid (ten years), will, in all probability, be worth nearer one *hundred and forty dollars* than *one hundred and forty cents per acre*.

We also offer five acre tracts of land fronting on the Powell Valley road, one mile from East Portland, for $40 per acre. Will take $25 down, and $10 per month thereafter till paid. This is better for the purchaser with small means than any homestead schemes ever gotten up on this Coast. Five acres for $200, $25 down, $10 per month thereafter till paid. For particulars, see

TO HOUSE BUILDERS & PAINTERS
"AVERILL CHEMICAL PAINTS."
THESE PAINTS ARE SO WELL KNOWN throughout the Atlantic States and their reputation so abundantly established for
Beauty, Permanence and Economy
That we can confidently recommend and guarantee an entire satisfaction in their use.
THEIR COST is less than pure leads, and covers one-fifth more surface, making them the most economical Paints in the market.
THEIR DURABILITY is unquestioned. They dry hard with a smooth and glossy surface and will not chalk, crack or peel off.
THEIR ADAPTABILITY.—They are already mixed and ready for use and require no oil, turpentine or dryers. Are sold of any desired shade, by the gallon only.
Testimonials.
Gen. James S. Negley, M. C., Pittsburg, Pa., writes Nov. 10, '70: "I have no hesitation in recommending the "Averill Chemical Paints" to those who [illegible] economy and durability. It weathers our smoky atmosphere better than any Paints I have tested. The colors are rich and variable. Altogether I find them the CHEAPEST AND BEST."
"JACKSONVILLE, FLORIDA CUSTOM HOUSE.—It looks as fresh and glossy as when first applied. I do not believe any LEAD AND OIL CAN EQUAL IT.

I have carefully compared the cost and merits of the Averill Paints with White Lead and Oil and find 99 cents per gallon in favor of the former.

FRIDAY MORNING, OCT. 27, 1871.

CITY.

TEMPERANCE ITEMS.—Mr. Jacob Stitzel has already secured more than half the amount necessary to build a Good Templar's Hall in this city.

Messrs. L. L. Rogers, of Wallamet University, and Jacob Stitzel, G. W. C. T., of the Good Templars of Oregon, unite in a proposition to get up a State Roll of Honor, to be composed of young people between the ages of six and twenty-one years who will, between now and the first day of next January, sign the following pledge: "We, the undersigned, hereby pledge ourselves to a life-long abstinence, from the use of all intoxicating drinks, including wine, beer and cider as a beverage; from the use of tobacco in every form, and from profanity." Each one signing the pledge, will be entitled to a copy of the Roll which is to be got up fit for framing. The following circular to parents, pastors and teachers, is appended to the published proposition:

"We solicit your hearty co-operation in presenting the above to our youth at home, in public schools, from the pulpit, and in the Sabbath school. Let the pledge be promptly and thoroughly circulated; then return carefully made copies of the same with the *age* and *residence* of signer; attended also with the name of some responsible person who is willing to certify to the correctness of the list, and to whom also copies of the roll can be returned for distribution. Collections may be taken to help pay expenses. The plan, we are sure, is a good one, and its object most worthy. Let all reports be sent in by December 20th, 1871. It is believed that the roll will help both in signing and keeping the pledge. Let it be worthy of our State and the cause it is designed to serve."

A PROPHETIC SOUL.—Wednesday evening, one of the police officers found John Doe in a state of lager beer hilarity, who handed him seven dollars out of eight that he had, requesting him to take care of it till morning, as he (John Doe) had some doubts whether he should be quite capable of taking care of it, himself, till morning. The officer declined at first, but John insisted, saying he was going to have a good time and didn't want the rustlers to get his money. The officer finally took the seven dollars with the remark that John would have two dollars left of it in the morning. "How's that?" said Doe. "Well," returned the officer, "you are about to get drunk, I see; I shall probably see you up before the Police Judge to-morrow morning; this money will pay your fine and leave you just two dollars." Mr. Doe was, however, confident that, though he might not be able to save his money from the rustlers, he was all right on the drunk conundrum, and, the officer agreeing to take charge of the coin, everything was pronounced lovely, and John Doe went on with his good time. About an hour afterward, the officer coming back that way, was just in time to see Mr. Doe marching off between two stars for a night's lodging at the city jail. Just as was prophesied to him, Mr. Doe was called upon yesterday morning to leave five-sevenths of his available cash capital in the treasury for being drunk.

DOWN RIVER ITEMS.—A gentleman who came up from Astoria yesterday, gives us the following information:

The bark *Almatia*, from San Francisco, came in over the bar on Wednesday.

The *Alice Graham*, with a cargo of railroad material, has come up to Astoria from Baker's Bay.

The tug started out with the *Niobe* on Wednesday, but owing to the chafing of the towing hawser, had to put back.

C. J. C. Hustler has received an appointment as U. S. Commissioner in Bankruptcy for the district of Clatsop county.

A day or two ago, a large pile of tan-bark, valued at $1,390, belonging to a Mr. Colbert, was burnt on the bank of Lewis and Clark's river. It was set on fire by an incendiary.

CONTRIBUTIONS OF THE SCHOOLS.—Rev. S. H. Atkinson, Superintendent of Schools, hands us the following statement of the contributions of the Public Free schools of this city to the Chicago Relief fund:—High School, $21 75; Central School, $18 65; Harrison Street School, $34 35; North School, $41 75; total, $116 50. Mount Zion School gave $9. Reducing the total to currency the sum donated is $142 60. Mr. Atkinson, in a note, adds: "It is a credit to teachers and pupils to respond so promptly and liberally to the calls of distress from that distant city. Yet the sufferers in Wisconsin and Michigan still ask for help. Let all our county schools send their gifts, remembering Him who said, 'It is more blessed to give than to receive.'"

AN APPEAL AS IS.—We have a goodly number of temperance advocates among us, but somehow they do not have the gift of getting at their hearers exactly right. Now, here's how a California Good Templar goes it: "O brothers why will ye, and why will ye not? Lo! the crystalline liquid gusheth from the rock, and wasteth upon the plain—and ye will not. The fiery poison moveth itself in the glass—and ye will. O miserable and blind; there is no safety for thee but in our band of [illegible]. Come up and teetotle! Come and join your thirsty spirit unto ours, even as a drop is joined unto its [illegible]." If that style don't fetch the crowd, the only alternative is to ask 'em to "smile," for, teetotle they won't.

PUBLICATION DAY CHANGED.—Both the *Democratic Era* of East Portland and the *Christian Advocate* of this city have changed their day of publication to Thursday, with a view to securing [illegible] the prompt transmission of the papers through the mails to subscribers.

THE DONKEYS TOGETHER.—The Donkey, Jr.—the last one brought down from the Cascades—has been repaired at the O. & C. railroad shops, and has been put into service at the depot. Donkey, Sr., was towed off yesterday by Donkey, Jr., to have some repairs made.

IN COURSE OF REPAIRS.—The ferryboat *Kate Ladd* has been taken down to the "Willamette" Iron Works for the purpose of having some alterations made in her machinery. She is to have a new and larger propelling wire when she is again put in service.

SHOULDER BROKEN.—A man named McLellan, a shipwright, got on a bender Wednesday evening, and falling drunk upon the sidewalk, fractured his shoulder blade.

RUBIES.—There are on exhibition in this city a number of rubies picked up in Linn county. They are of the violet and brown varieties—handsome for jewel sets.

NEW BUILDING.—The Oregon and California Railroad Company is erecting a new shed—250 feet long—at mill No. 4, near Milwaukee.

SONGS OF THE SIERRAS.—Joaquin Miller's volume of poems bearing this title has been received at the Portland Library.

FURTHER DONATIONS.—Forty employees of the O. S. N. Co. have contributed $236 to the Chicago Relief Fund.

RELIGIOUS INTELLIGENCE.

PERSONAL, LOCAL AND GENERAL.

[From the Advocate.]

At Monmouth, Polk county, on the 26th inst., four persons were admitted into the Christian church by confession and immersion.

The first quarterly meeting for Hall street charge, M. E. Church, will commence this (Saturday) afternoon at 2 o'clock, with preaching by the presiding elder, Rev. Wm. Roberts.

Rev. Wm. Butt, who came a few weeks ago to this coast with his family, returned on Monday last from a visit to Tillamook. Bro. Butt was much pleased with that country, and has consented to take charge of Tillamook circuit.

EAST PORTLAND MATTERS.

[From the Era.]

The ordinance providing fines for fast driving upon the bridges is expected to be productive of much revenue.

St. David's church, in this city, took up a collection last Sunday and realized $11, which was contributed to the funds being raised for the Wisconsin sufferers.

Saturday a mule team standing in front of the Oriental Hotel, on J street, became frightened and started to run. Their driver rushed out of the hotel and grabbed one of them by the bits, but was immediately thrown off his feet and under the mules, in which condition he was dragged and bounced along a distance of three hundred yards, singular to relate without receiving other than a few clothes wounds. He looked jaded and dilapidated on his return, and said he preferred almost any other mode of conveyance.

LOCAL BREVITIES.

Mr. E. T. Coleman has painted a view of Portland and surroundings, from the summit of Marquam's hill.

The name of the man who had a leg crushed at Mill No. 4, the other day, is Patrick McGlone. His leg was amputated.

The Turn Verein Society of this city has a membership of over fifty, with a good hall and full paraphernalia.

An insane patient from Jackson county named Jos. P. Slagle, was placed in the Asylum at East Portland on Wednesday. He is only twenty-two years old.

A Fourth street serenader, while singing and guitaring to his enchantress the other night, received a tumbler full of salt and vinegar in his mouth, nose and eyes. He quit.

The *Era* has another criticism, this week, upon the ferryboat, its machinery, ropes and tackle, and its owners. The boat still runs.

Mr. A. A. Williamson, who has been awarded the contract for building the Portland city court house and jail, is an East Portland contractor.

It is stated that a time-keeper at the Hillsboro races, got tired and hungry before the horses got round and went off to supper. Later—the horses finally got round.

The Columbia Transportation Company was found lying drunk on the sidewalk Wednesday night and was fined five dollars and costs yesterday morning.

A cotemporary speaks of the making of those No. 29 boots, by Capt. Cahalin, as a "marvelous feat." The "marvelous feat" belong to the wearer and not the maker.

A "drunk" in the police court yesterday morning, objected to going to the city jail on account of the rats which there abound. He is in, however, with the rats.

ANTI-WOMAN SUFFRAGE LECTURE.—Mrs. J. B. Frost will give her celebrated Lecture in Opposition to Female Suffrage, at the Court House in this city, on Saturday evening Oct. 28, 1871, showing that the Ballot in the hands of Woman will destroy all our Civil, Political, Social and Religious Institutions. Every one, Male and Female, should hear this Lecture.

During the evening will be repeated the "*Prayer of Little Maggie*," and the "*Old Father's Deathbed Request.*"

Go early in order to secure good seats. Over three hundred have already been secured.

H. Woodard & Co.'s Drug Store, Front Street, Portland.

A WORD TO THE WISE IS SUFFICIENT.—Be it known to the People of Portland and the surrounding country, that at the exquisite clothing establishment of Rohn & Fishel, 91 Front street, they are selling new and stylish suits for Fall and Winter wear at prices that are astonishingly low. Call at this House and examine the large stock of Clothing and Furnishing Goods. You will go away satisfied.

TESTED BY TIME.—For Throat Diseases, Colds and Coughs, "*Brown's Bronchial Troches*" have proved their efficacy by a test of many years. The good effects resulting from the use of the Troches have brought out many worthless imitations. Obtain only "Brown's Bronchial Troches."

The Means of Escape.

The fall has many perils for the weak and feeble, and its sudden atmospheric changes are trying to the constitutions of even the robust. The chilling temperature of the nights, as compared with the almost summer warmth of the day, necessarily exercises an unhealthy influence on all who are exposed to it. Hence, dysentery, diarrhoea, intermittent fevers, billious attacks, and derangements of all the secretions, are common at this season. The true way to escape them is to meet the causes with a protective and invigorating medicine. Hostetter's Stomach Bitters are designed for this exigency. This powerful vegetable specific relieves the system of all acrid humors, purifies the fluids, tones the secretive organs, promotes healthy evaporation through the pores, increases the activity of the digestive functions, cheers the spirits, and regulates the bowels. To do this is to make the whole body vigorous, and render it proof against the vicissitudes of temperature, and against malaria. A course of the great tonic and alterative is therefore in all cases advisable as a preventive at this season. If, on the other hand, the mischief is already done, and intermittent or remittent fever is actually present, or the liver, bowels, or stomach disordered, there is no medicine so certain to effect a quick and thorough cure as this harmless and agreeable preparation.

OREGON & CALIFORNIA R. R. CO.

AND

European and Oregon Land Co.,

PORTLAND, OREGON, August 1, 1871.

THE COMPANY IS NOW PREPARED TO EXTEND the pre-emption privilege of purchasing Railroad Lands in advance of the same being placed in market to all parties desirous of securing them on the following terms:

The applicant files in this office a claim in the form prescribed, to wit:

Pre-emption, date, No. —.

To the Land Agent of the European and Oregon Land Company:

SIR: You are hereby notified that I have settled upon and improved (description of land) in the county of State of Oregon, containing —— acres, and that I claim a pre-emption right to purchase said lands at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A. D. 1871, to the terms of which I hereby fully assent:

"Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are opened for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment, as all other lands belonging to the Company, when brought into market; provided, such settlers shall file in the Land Office of said Company, written application, giving notice of such settlement, and shall accept the privilege, upon the condition that when the price of the land shall be fixed, notice thereof shall be sent by the Company's Land Agent, through the Postoffice, or otherwise, as may be convenient, to the residence of the party claiming the pre-emption privilege, and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant.)

(Postoffice address.)

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, No. ——.

This is to certify, that ——— of ——— county, State of Oregon, has this day filed in this office a pre-emption claim to (description of premises), and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements) when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26, A. D. 1871.

When the price of the above described land is fixed, notice thereof will be sent to the party to whom this Certificate is issued, and if the land is not purchased by the said party as the holder hereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

(Signed)

NEW YORK

LIFE INSURANCE COMPANY!

PURELY MUTUAL!

ASSETS..$17,000,000!

ISSUED 9,925 POLICIES IN 1870.

Insuring Over $27,000,000!

WM. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.

AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are:—

1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of insurance is returned to the policy-holders who are the only members.

2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful *experiment* in the method of conducting its business.

3d. STABILITY AND PERPETUITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay accruing losses.

4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for a feature so favorable to the insured.

5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.

6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately as cash in payment of premiums*. Many companies declare their premiums annually, but do not pay them, till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums.*

7th. ITS DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.

8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise where policies, although EQUITABLY claims, are not LEGALLY so. The records of this Company bear many acknowledgments from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly arise, the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.

ÆTNA

LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

FOUNDED IN THE YEAR 1820.

Adopted Mutual System in the year 1861.

ACCUMULATED CAPITAL OVER........................$16,000,000.

ITS ANNUAL INCOME OVER........................6,000,000.

WHOLE NUMBER OF POLICIES ISSUED TO DATE, NEARLY........................100,000.

NUMBER OF POLICIES ISSUED IN 1870........................11,217.

THE ÆTNA RANKS AS ONE OF THE FIRST COMPANIES IN THE LAND!

IN INCOME, IN ASSETS, IN NUMBER OF POLICIES, IN AMOUNT INSURED, IN SOLIDITY AND STRENGTH, IN SOUNDNESS, CHEAPNESS, PROMPTNESS AND SUCCESS.

THE AMOUNT OF DIVIDEND A COMPANY CAN PAY ITS INSURED, DEPENDS UPON THE RATES charged for insurance, the AMOUNT of business done, the EXPENSE of doing it, the INTEREST on its investments, the CARE exercised in the selection of its risks, and the TIME when such dividends are paid. In regard to these, as also all other points, the ÆTNA is unsurpassed in advantages by any other Insurance Company in the United States.

The *New York Insurance Monitor* says of the *Ætna*:—"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is altogether unprecedented in the annals of commercial enterprise in this country!"

The *New York Independent* says of the Ætna Life:—"It is to-day one of the *soundest* and most *reliable* Insurance Companies in the United States—every dollar of its assets well secured, more than providing for all liabilities; and it eminently deserves a still greater patronage and the unhesitating confidence of the public."

Our merchants report remittances freer, and interior traders and merchants very generally meeting their obligations with promptness. But it ought not to be otherwise, as farmers have realized handsomely on all their products, and can meet all indebtedness incurred during the year.

The Banks report only easier, with a gradual accumulation. The demand for all commercial purposes is promptly met by the Banks at one per cent. per month interest. There has been more inquiry for money on long loans on real estate, which as yet cannot be met, but within the next 30 days it is confidently expected that even this demand will be met at current rates by the Banks as well as by note brokers.

The coming year bids fair to be the most prosperous for Oregon that has yet been witnessed. All advices from Europe concur in the opinion that prices for Wheat will continue up, (when Wheat is 12s ₩ cental there it is considered high) if not to 12s, then high enough for shippers to pay good remunerative prices to farmers here, and in consequence our farmers intend putting in a larger number of acres than last year. Oats will also command a large share of attention; as the home consumption is increasing so fast as to require more each year, and this year's prices have been so high as to leave all who secured a crop a handsome return, but in nine out of ten farms sown with Oats the yield was only partial; whether the fault rests with the farmers is more than we are advised.

The following table gives the imports and exports into and from the United Kingdom since harvest, viz: August 26 to Sept. 23, (four weeks) compared with the corresponding period in the two preceding years:

	1871.	1870.	1869.
IMPORTS.			
Wheat, cwt	3,633,642	3,065,535	3,154,365
Barley	530,4?7	560,010	234,662
Oats	1,219,270	756,890	634,134

Beans	301,099	88,579	111,516
Corn	2,035,320	1,999,274	1,171,615
Flour	307,517	397,000	550,277
EXPORTS.			
Wheat, cwt	390,170	200,003	21,260
Barley	450	874	68

Flour	7,577	289,586	2,371

This large increase in Imports is in the face of a strong and active demand from the continent to where, owing to larger offers made, many vessels laden for the United Kingdom had their destination changed. Although we have no statement of the imports into Germany and France, but from the number of vessels that have been afloat and still are, shippers have been anything but idle in shipping from ports of supply, and without positive information to guide us we should think that these two countries were fast accumulating all that they require to carry them over from extreme high prices.

MARKET REVIEW.

BREAD—Quotable, Soda, 7½c; Picnic, 1½c; Butter 7½c; Jenny Lind, 11½c; Gingersnaps, 11½c; Pilot, extra, 6c; Medium, 5½c; Navy, 4½c.

WHEAT—At the close of our last week's quotations the market was buoyant under favorable advices, but at the close of the week and the opening of this news from England, giving quotations in Liverpool at 12s 1d, a decline of 1d, and advices from San Francisco giving market there dull, shippers in their offers dropped a shade, and at the close to-day the offers are for straight lots on the spot, $2 40 ₩ cental, sacked, and for delivery within two or three weeks a shade off. The rapidity with which deep sea vessels are leaving San Francisco, seeking cargoes elsewhere, causes buyers to purchase only for immediate delivery.

FLOUR—During the past week, under review has been free with an export and a local demand for nearly all coming forward so that stocks are accumulating slowly. Higher prices for Rice advance higher in China that country will take large supplies of our Flour. There is no new feature in the market since our last review. We quote market for extra at $7 50 ₩ bbl, superfine, $6 50@7 ₩ bbl.

OATS—Receipts are light with an active demand for all coming forward. The reported large supply coming from San Francisco have failed yet to come to hand although two sail vessels have put in their appearance. We quote market at $2 40@2 50 ₩ cental, sacked.

BARLEY—The receipts from Walla Walla continues light, not coming down in sufficient quantities to meet the demand. We quote market at $2 05@2 25 ₩ cental.

POTATOES—Under light receipts and an active demand prices are firm for Oregon. We are informed of shipments to be made from Puget Sound to this market which is quite probable, as they have this year more than sufficient for home consumption, and can supply us with all we require. In quality they are as good as ours. We quote market for Oregon, in jobbing lots at $1 65@85 ₩ 100 lbs. California is quotable less, according to quality.

EGGS—Receipts for the week under review have been light, dealers taking all coming forward at 37½c ₩ doz.

PROVISIONS—Receipts are freer, with no changes to note as the demand is active. We quote market in jobbing lots for Bacon, 14½@15c; Hams, 16@17c; Shoulders, 11@12c; Lard, in tins, 15@16c, in kegs, 13@14. Messrs. J. Levy & Bro. are putting up Lard in 5 lb tins which they hold for pure leaf at 17c.

BUTTER—Receipts are fair and prices well sustained at the following quotations for choice in jobbing lots: in brine, 30@37½c; firkins, 27@32c; rolls, 35@40c; Eastern in firkins, 25c.

CRANBERRIES—Western jobbing at $21 ₩ bbl of 36 gallons each.

CORN MEAL—McLeran's 3½@4c; Walla Walla, 3½c.

BARLEY—We quote range of the market at $2@2 25 ₩ cental. Brewing can be placed higher.

OIL MEAL CAKE—Jobbing at $40 per ton.

BRAN AND MIDDLINGS—Quotable in lots for Bran $25 00 per ton; latter at $45 per ton, with a very firm market.

COFFEE—Market continues to rule firm with an active demand. We quote Costa Rica and Guatemala at 19½@20c; Rio and Manila, 19@19½c; Java, 23@26c.

SALT—Liverpool, $25@35 50 ₩ ton; common, $15a18.

SALERATUS—We note sales at from 8 to 11c.

SPICES—We quote market; Cloves, 25@30c; Cassia, 35@45c; Nutmegs, $1.15@1.25; Mace, $1 50; California Mustard, $1 50@1 75 per doz.; Pepper, Ginger and Allspice, $1 12½@1 15 per doz.

FRESH MEATS—Weak at the following quotations. Beef, 7@8 cts; lb, on foot, 4@5 cts; dressed, 7@8 cts; sheep, $3 75@4 50 ₩ head.

POULTRY—Hens, roosters and chickens, $4@5 ₩ doz.

DRIED APPLES—Jobbing in kegs at 7@7½ cts ₩ lb; loose, 6 ₩ lb.

DRIED PLUMS—Quotable in jobbing lots at 18@20c.

FRUITS—Jobbing Rates—Apples, 87½@50c per box; pears, 62½@63c per box; plums, 3@6c per lb; peaches, Oregon, 7@10c per lb; California, $2 50@3 00 per box; Oregon grapes, $2 50@3 per box; watermelons, $2 50@4 per doz; cantaloupes, $3 50@4 ₩ doz; crab apples, 2c per lb.

HAY—At the close of our last week's review prices were firm, but with a light demand, market is now ruling in favor of buyers, with no change in quotations. We quote market weak for Timothy, baled, at $17@28 ₩ ton; other kinds, $15@20 ₩ ton.

WOOL—In our remarks in the commercial editorial in this morning's (Oct. 26th) issue can be found an extended review with future prospects. Choice grades, if in the market, would command 38@39c ₩ lb.

RENNICK'S

Wahoo Bitters!

NEVER KNOWN TO FAIL IN CURING

Rheumatism, Neuralgia, Dyspepsia,

and all Affections of the

Stomach, Liver and Kidneys.

IT HAS CURED CASES WHERE THOUSANDS OF dollars had been expended to no purpose but filling the system with mercury, by practical or educated quacks.

Wahoo—(*Euonymus Atropurpureus*) a small shrub growing in many parts of the United States. The bark of the root is a bitter tonic, laxative, alterative, diuretic, and expectorant, and is advantageously used in pulmonary affections, dropsy, constipation, torpidity of the liver, dyspepsia and intermittent fevers.

Read the Certificate of Mr. Thompson, of the Workingman's Boarding House, Front street, Portland:

PORTLAND, October, 4th, 1871.

I hereby certify that I am acquainted with the properties of the Wahoo Bitters, put up by S. J. Rennick. It is one of the best remedies for the Stomach and Blood in the world. In fact, it will cure Dyspepsia, Chronic Liver complaint, Chills and Fever, and has the advantage of not being intoxicating.

J. N. CUNNINGHAM, M. D.

This is to certify that I have used the celebrated Wahoo Bitters, and have known several other men in my house who were prostrated with ague and rheumatism, whom it has effectually cured. It acts on the liver and kidneys, surpassing anything I ever used.

J. R. THOMPSON, of Thompson House.

PORTLAND, Oregon, Sept. 12, 1871.

This is to certify that I have been sick with chills and fever for the last fourteen days, and have tried a great many remedies, and found them all to be humbugs, and was about to give up everything in despair. Mr. Rennick heard about my case, and gave me a bottle of his Wahoo Bitters and I was relieved, as if by magic from the hand of God.

A. KOLP,
Philadelphia Brewery, Portland, Oregon.

MCMINNVILLE, Sept. 27, 1871.

This is to certify that I have used Rennick's Wahoo Bitters for a good while, having been acquainted with the Wahoo bark for over thirty years, and when aided by other barks, known only to the proprietor, it surpasses any medicine ever used for Ague, Chills, Fever and all affections of the Liver, Kidneys and Bladder. I have no hesitation in recommending it to the public. I am going on a visit to Illinois and take some with me.

E. J. WRIGHT.

EOLA STATION, W. P. R. R., Sept. 3d.

I give this of my own free will for the benefit of suffering people: I am fifty-eight years of age, born in Dilloy, Staffordshire, England, and a minor; suffered from rheumatism for years, have traveled with crutch and cane for the last two years, but I thank my God that Wahoo Bitters has made me a well man. No humbug about this. Experience has proved that Wahoo Bitters is king of all diseases. I recommend any person any way affected to try them.

OLD ARCHY BURTON,
Corral Hollow, W. P. R. R., Cal.

October 3d.

This is to certify that I have used Rennick's Wahoo Bitters, and can with confidence recommend it to all suffering from indigestion and all affections of the liver and kidneys.

JOHN STURGIS,
Front street, near sawmill.

PORTLAND, October 1st.

This is to certify that I have been affected for twenty years, and the more doctors' medicines I took, I became worse when the effects of the medicine was over. I had a dreadful pain in my side. The doctors said it was my liver, but, thank God, one bottle of the Wahoo Bitters made a change, and I believe it will make a perfect cure.

MRS. SALLY J. L——.

All orders directed through the Postoffice will be at once attended to. The Bitters will be carefully packed and delivered on any boat, properly.

TARRANT'S SELTZER APERIENT.

The King of Mineral Springs is the German Seltzer; and TARRANT'S EFFERVESCENT SELTZER APERIENT is its duplicate. Letters attesting its Wonderful Tonic Aperient and anti-Billious qualities swarm in from every source. The question has been settled whether artificial medicated waters may not be equal to those which burst sparkling from the earth itself. They can; and the Seltzer Aperient, when undoubtedly pure and genuine, proves the fact. Be cautious. Accept none other. Sold by all druggists.
